Att. Mr. Gary Freisen

At this time I would like to thank Valley Steel Ltd. for the excellent service and work performed in the construction of the new Co-op Food Store built in Gillam. The positive response recieved from our member owners on your craftsmanship of the project has been overwhelming.

Working with the management and staff of Valley Steel has proven to be an enjoyable and rewarding experience. From start to finish of the expansion your proffessionalism gave us a building that we may be proud of.

Thanks again Gary and Les for your efforts and assistance to make our goal realistic that we may now provide a more efficient service to our customers.

Yours truly,

Paul M. Dale

General Manager
